

user guide for **autograder.**

free trial on [mobile.](#)

Upon completing your initial registration, you will be redirected to the autograder **free trial** dashboard, where you can explore and test autograder and its capabilities. You get two grading trials in the free version, where one grading trial allows you to correct an answer sheet of a student against the question paper and answer key.

You will be asked to upload 3 documents:

- Question paper.
- Answer key or reference document: A document containing the answers to the questions, such as the textbook chapter PDF from which the questions were sourced. Note that providing an answer key, if available, is recommended for better and faster grading.
- Student answer sheet.
